

## *North America Ginseng*

### **Range**

Ginseng is rarely found in its natural habitat today but originated as a ground cover, within deciduous forests in North America, and China.

### **The Many uses of Ginseng**

The Chinese recognised early the many health benefits of ginseng and over 300 different recipes exist today. Truly a cure all there are numerous theories and claims describing the efficacy of ginseng, indicating it can combat stress, enhance both the central and immune systems and contribute towards maintaining optimal oxidative status against certain chronic disease states and aging. Stay healthy, viral and young, not a bad blend! Most recently a successful study proved the use of North American Ginseng as a dietary supplement prevented 45 % of the severity of cold and flu symptoms in a group of seniors.

### **Riversong Agriharmonics Ltd. Uses for North American Ginseng**

We have developed two products utilizing this “wonderherb”. Our Ginseng Enhanced Handharmony and Enhanced Harmony Cream have shown excellent results in using the calming effects of the ginseng in a topical formulation. This formulation has proven very beneficial for people with sensitive skin in providing relief from the symptoms caused by psoriasis and eczema.

2007 Garden Picture

*Symphytum Officinale*

*Comfrey*

Used externally it decreases the healing time for skin wounds and irritations and has been shown to act as a mild analgesic.

### **Range**

Comfrey's growth excels in moist soils or in sandy soils with lots of water. This results in a very broad range of distribution, and probably explains the broad usage of the botanical over the eons, from many regions of the world.

### **Riversong Agriharmonics Ltd. and Comfrey**

Riversong Agriharmonics Ltd. grows comfrey organically at their location in Heffley Creek BC.

Recognizing the traditional healing values in speeding healing, we have established four formulations based on a broad range of testimonials we have received over the last four years. The two base products: Handharmony and Ginseng Enhanced Handharmony are getting new names in 2008.

These products will host new names:

Harmony Cream and Enhanced Harmony Cream.

These name changes will offer a more accurate description of the product based on a broad range of testimonials we have received from the creams usage. These testimonials warrant our products use for: dry and damaged skin, psoriasis, eczema, treatment of the discomforts associated from swelling of other tissues common with; insect bites, minor allergies, burns, exposure to poison oak, poison ivy, over-exertion, scrapes and wounds, and helping one to tan from UV exposure.

The "Panax Quincofolium ginseng" we have integrated into the Ginseng Enhanced and Enhanced Harmony Creams offer the added "cooling" and immune system strengthening benefits of ginseng in the use for people with sensitive skin, and is especially good for eczema.

*Stellaria Media*  
*Chickweed*

*Alchemilla Vulgaris*  
*Ladies Mantle*

### **Range**

Chickweed is found in regions offering a location which is cool damp. Most people recognize chickweed as a lush weed in their gardens. It is funny to realize that something so prolific and annoying has been recognized for eons for its culinary and medicinal values.

Ladies Mantle originated in northerly European and Asian locations and now is common in perennial flower beds in North America. Noted uses for its healing properties have also promoted growth in the number of operations growing it for its medicinal value.

### **Uses**

Chickweed is well known in formulations as a topical application in the treatment of itching and inflammation. With the additional benefits in offers in soothing and moisturizing it is very effective for minor skin infections or irritations.

Ladies Mantle is an excellent astringent, effective in drying up weeping skin disorders, bruising and swelling.

### **Riversong Agriharmonics Ltd. uses of Chickweed and Ladies Mantle**

Riversong Agriharmonics Ltd. grows our own chickweed and Ladies Mantle organically. We again have established six formulations based on a broad range of testimonials over the last four years. These testimonials were obtained through the distribution of our products through local farmers markets.

Our formulations of Handharmony, Ginseng Enhanced Handharmony, Harmony Cream, and Enhanced Harmony Cream, all utilize the combined efficiency of chickweed and ladies mantle together in the effective treatment of skin disorders ranging from diaper rash, dry damaged skin, eczema, and psoriasis.

*Calendula Officinalis*  
*Calendula*

*Geranium Maculatum*  
*Cranesbill Geranium*

## **Range**

Calendula has wide recognition around the world and will grow prolifically almost anywhere. Commonly grown in gardens this flower also deters aphids.

Cranesbill Geranium originated in Eastern North-America and now is a common site in many shaded gardens.

## **The Many Uses of Calendula and Cranesbill Geranium**

Calendula has been used since the beginning of time as an anti-inflammatory and healing herb. Known as the poor mans saffron it was also common used in culinary dishes as well. Today it is found in many natural skin-care products do to these healing attributes it offers.

Cranesbill Geranium offers exceptional value as an astringent, and therefore has been used in various oral formulations to dry tissues, and clear up infections.

## **Riversong Agriharmonics Ltd. and it's uses of Calendula and Cranesbill Geranium**

After careful research and study, Riversong Agriharmonics Ltd. developed a product specifically for the face and neck. The richness of this cream typically will only be found in very high end niche cosmetic products. Our product is named "Calendula Waltz", and as the name implies this product offers a natural alternative to other high end restorative night creams. Over the past four years, this product has produced excellent results for use in the re-building and tightening of face and neck skin to enhance youthful appearances, and if used diligently after surgery has also proven to be effective in scarring control.

The fine oils blending in combination with these botanicals offer the utmost in value, resulting in a product which offers an alternative to multiple cream strategies for someone looking for natural beauty.

*Achillea Millefolium*

*Yarrow*

Named after Achilles; this herb was widely used by soldiers in the ancient battlefields to treat wounds, cuts, and abrasions.

Yarrow has been used extensively all over the world for a broad array of health issues.

### **Range**

Being very drought resistant, yarrow has a very broad range of distribution. This may explain the broad usage of the botanical over the eons, from many regions of the world.

### **Riversong Agriharmonics Ltd. and Yarrow**

Riversong Agriharmonics Ltd. either will wild harvest the botanical from the pristine areas of central BC, or purchase certified organic product from growers.

Recognizing the broad application of this healing herb, we have established six formulations based on a broad range of testimonials we have received over the last four years. These testimonials were obtained through the distribution of our products through local farmers markets.

In the treatment of the discomfort associated with the swelling in the joints due to arthritis, we have blended yarrow in two products: “Arnica Song” and “Foot Jazz”.

In the treatment of the discomforts associated from swelling of other tissues common with; insect bites, minor allergies, burns, exposure to poison oak, poison ivy, over-exertion, scrapes and wounds, we have developed “Handharmony”, “Ginseng Enhanced Handharmony”, “Harmony Cream”, and “Enhanced Harmony Cream”. These four products started with our first formulation called “Gardeners Hand Cream”. Our current recipes based on this initial restorative hand cream are our 7<sup>th</sup> and 8<sup>th</sup> generation formulations using yarrow with sometimes astounding results.

## *Arnica Montana*

### **Range**

In North America, arnica grows primarily in the western mountains, from the Yukon and Northwest Territories in the north to the south-western U.S., but it can also be found in small isolated pockets as far east as Lake Superior.

### **The Many Uses of Arnica**

Arnica products are commonly used in Europe where a mature health care system allows broad inter-professional integration. Since the age of communication, the internet has spread information allowing arnica to gain main stream popularity here in North America as well. Arnica is found in many formulations, which are commonly used for relieving pain and discomfort from arthritis, fibromyalgia, muscle pain and also for bruising.

### **Riversong Agriharmonics Ltd. and Arnica**

Riversong Agriharmonics Ltd. harvests wild arnica from the pristine wilderness mountain regions of BC. Originally, we utilized arnica in combination with other botanicals to be used as a lip gloss. Our lip-gloss product was available under the trade name “Lipharmony” in a ½ oz. jar. One day at the local farmers market in Kamloops BC, a women with debilitating arthritis in her hands, came by and asked if we had a natural remedy which may help her with her discomfort. Knowing that arnica has been recognized as an effective remedy for the pain and swelling from arthritis, it was suggested that she try to find some relief using our lip gloss as a topical pain relief salve. Agreeing to try this remedy, she returned after one week, and requested special packaging of the lip gloss in a 4 oz. Jar. Due to this exciting testimonial we decided to discontinue the “Lipharmony” product and concentrate on marketing a topical pain formulation. Today we have successfully developed two arnica products; “Arnica Song” and “Foot Jazz”. These products represent “fourth generation” formulations based on feedback received over the last three years. Uniquely, either of these products may be used as a treatment salve, massage oil, or bath oil.

*A Garden Sunflower*

*Manitoba Cash Crop*

### **Range**

Native to the America's, the sunflower has history dating back to the Inca's and Olmecs in Central America and to native cultivation in the central United States.

### **The many uses for Sunflowers**

Today the flower is grown widely around the world as a food crop, as a cash crop, and for its beauty. The seeds and seed oils are used for human consumption, animal feedstock, cosmetic carrier oil applications, and studies carried out in third world countries have also proven the oil to be very effective in protection against skin infection in newborn infants. The attests to both the gentleness provided and the strength of the healing values sunflower oil offers. Not only is sunflower oil an excellent healer, and anti-oxidant, sunflower oil is a great moisturizer and the best natural source of vitamin e. Vitamin e is an excellent catalyst for the production of vitamin d from UV exposure which indicates its ability to help an individual enhance their ability to produce natural tanning qualities

### **Riversong Agriharmonics Ltd. uses for Sunflower Oil**

Riversong Agriharmonics Ltd. uses sunflower oil in the Handharmony, Ginseng Enhanced Handharmony, Harmony Cream, Enhanced Harmony Cream, Beesong Propolis Healing Ointment, Arnica Song, and Foot Jazz products. This has led to the successful results realized by people using our products, and our successes in promoting our products.

The sunflower in its simplicity offers a testimonial to sunlight and its value in promoting life. We think it is also wonderful in helping others to realize the natural beauty and healing benefits that only nature can provide.

## Discover Your World of Herbs!

*Natural Beauty, Natural Cosmetics, Naturally Healthy!*

**Handharmony Protective and Restorative Cream:** This blend of botanicals and sunflower oil is remarkable, providing one of the best moisturizing and restorative blends in the marketplace. The grapefruit seed extract used as a preservative has also combined with the botanicals to provide accelerated healing of minor scrapes and wear and tear from heavy work with a 30% market-share amongst men. Natural smelling and a very broad spectrum of uses, we have received testimonials of this cream working for itching and swelling from mosquito bites, psoriasis, moisturizing cream, face cream, tanning cream, barrier cream, after shave cream, and diaper cream. This product offers simple solutions to a diluted market.

**Ginseng Enhanced Handharmony:** As above, with the added benefits of the cooling North- American ginseng decoction. This product will bolster your immune system while providing the adaptive benefits only the ginsenosides of the *Panax Quincofolium* can offer. Great for sensitive skin, If you believe in ginseng this is a must for every home.

**Calendula Waltz Face Cream:** This night cream will surprise you with how far it goes and its ability to soften, nourish and tighten up the skin of the face and neck. Calendula and cranesbill geranium are both astringents and calendula is a natural alternative to lanolin. Try a speck on the back of your hand, to understand why this blend is so popular.

**Arnica Song:** This pain recipe includes a blend of Arnica and Yarrow botanicals which are wild crafted from Super-natural BC. The utmost is quality and purity is assured and unlike many other pain formulations this has the added cooling benefits of orange mint. In addition, being blended with sunflower oil it will not dissipate quickly allowing for extended use during massage, and lends the added benefit of being able to be used in the bath for the big jobs in pain relief. This recipe is so effective for sore feet we packaged it in a smaller package especially designed for sore feet.

**Foot Jazz Foot cream:** After your first experience with this cream in relieving foot pain, you will not dread working hard on your feet all day. The relief it provides is worth the discomfort and the wait!

**Beesong Propolis:** Bee propolis was first discovered in the pyramids of Giza. The first known anti-biotic, anti-fungal, anti-viral is being re-discovered for its beneficial uses. Blended with the Balm of Gilead, and our propolis tincture, two benefits from the balsam are achieved. This topical has shown relief from persistent skin problems and near instant relief from the itching and discomfort from insect bites.

**Propolis Tincture:** This tincture applied twice daily will remove warts and moles.

**Bushsong Bugsgone:** A blend of herbs and soothing liquids, this product works very well when applied directly to the skin to stop mosquitoes and black flies from biting. This is also an excellent after the fact itching and swelling remedy. Used with the Handharmony skin care line as a base this combination lasts longer and aids in rebuilding vitamin D, with exposure to the sun.

**Soothing Bath Teas:** These infusion bags when used in the bath provide a clean alternative to dumping the herbs directly into the bath. This century's old remedy recipe is used for relaxation and mental rebuilding after a stressful day at the office.

**Castille Soaps:** These hand-made soaps offer excellent gentle cleaning values with herbal blends not found anywhere else.

## *Riversong Agriharmonics Ltd.*

Started in 2003, as a home based business, president, Sandra O'Neill had a dream of being able to help people achieve a quality of life only available through historically proven methods. A quality of life by taking a step back, and to realize simple truths which are unwavering, constant, and forever. The company has a long-term vision to maintain a holistic centre and retreat offering clients' peace and opportunity through learning and understanding the healing practices many of us have lost today.

The first stage of the business was to create a market through an awareness campaign. This has been achieved with the growing and marketing herbs and botanicals used in complimenting culinary expertise. Secondly by introducing our organic products locally we were able to follow-up on this endeavour with the successful development and marketing of a high-end cosmetic product line-up which utilizes historically proven botanical blends, in achieving topical skin remedy.

Today we have successfully introduced 7 registered skin-care products, with a broad range of testimonials. The success of the product line over the last three years is due to extensive interface with the public at various farmers markets in BC and Alberta. The fact 'our products being available from a farmers market' attests to the organic quality source, and in addition have also offered an excellent opportunity for people to purchase the products and offer their feedback, leading to our current formulations.

Hand-made with love these "original botanical energy formulations" are unique and offer excellent one of a kind value. We maintain our high quality products by using the highest quality of organic products we grow ourselves locally or wild-craft from the wilderness around us.

"Discover Your World of Herbs" in understanding there is "Harmony Through Agriculture"
